

Clarusway

# Hands-On-01 : HTML Basics

Purpose of the this coding challenge is to learn HTML basics.

## Learning Outcomes

At the end of the this coding challenge, students will be able to;

- create a table,
- add images,
- add headings, sub-headings and paragraphs,
- use HTML formatting elements,
- use ordered and unordered lists.

## Problem Statement

- Write a code that creates an html time scheduler.
